

Arrival at the Airport

All clients will be picked up at OR Tambo International Airport upon their arrival by one of our professional hunters.

Once the client has landed at OR Tambo Airport, you will clear customs and then proceed to the baggage carousel to collect your luggage. After retrieving your luggage, please proceed to the arrival hall, where one of our professional hunters will be waiting for you near the overhanging electronic flight board. Look for the sign bearing your name.

If you are traveling with a firearm, you will not receive it at the baggage carousel. After collecting your luggage, please proceed to the arrival hall, where the professional hunter will accompany you to the SAPS firearm office at the airport to retrieve your firearm.

Upon entering through the sliding doors at the arrival hall at OR Tambo Airport, immediately head to your right. A professional hunter will be waiting for you there with a name board displaying the client's name.

Once you leave the airport, it will be approximately a 2-hour and 30-minute drive to our camp.

After the hunt has been conducted, your professional hunter will take you back to OR Tambo International Airport and accompany you to your flight gate.
